

Welcome to the Marlborough Manor Pool family! A few things to know...

Lap swim hours are 7--10 am (for adults only) and 10am--9 pm for all to swim. Pool rules are posted at the pool and on the website. There is no lifeguard on duty. We have all enjoyed that members are respectful of each other at the pool. No more than 4 guests PER FAMILY at any time. We currently have just over 100 families.

We have been chipping away at the pool loan with every new family that joins so share the news.

It is so important that we all remember that each member family is responsible for dues annually. This year's dues are \$400, halved for the first year of our new members. Your initial \$500 fee goes toward the loan, your one time fee. This amount goes towards the repayment of the loan used to build the pool. Each year thereafter, hopefully your family will continue being members and you will pay the full dues mentioned above.

As treasurer of the pool, I know that costs are significant. Please know your input may give us all valuable ways to manage our expenses. So, we have a late March meeting to discuss. We will notify you in February of the mtg details, and include information on our website and Facebook.

We hope you enjoy the pool! We usually keep it open weather permitting. If you have any questions or comments, the names of the pool board members and their contact info is posted at the pool.
